

# VETERAN'S HOME

July 1, 2016 - June 31, 2017

## Client Treatment Rating Scores

A self-reported instrument to assess multiple areas associated with one's ability to successfully live independently, the CTR is completed upon program entry and again at program exit. All of the domains listed above, except for "Empowerment" showed evidence of improvement over the course of participation in the Veteran's Home program.

## Demographics

Serving adult males veterans, the program saw 16 individuals during the current reporting period with an average client age at program start of 49 and a range of 24 - 64
